EDUCATION

St. Joseph's College of Engineering

B.Tech. in Computer Science (Artificial Intelligence & Machine Learning); CGPA: 7.79

Chennai, India

Expected May 2027

EXPERIENCE

Qulus Solutions LLC

Software Developer Intern

Jan 2026 – Feb 2026

Remote

- Engineered and enhanced backend services for an **Invoice & Vendor Management** platform using **Node.js**, **Express.js**, and **MySQL**, enabling efficient management of invoice submissions, vendor records, and reporting data.
- Implemented and deployed serverless **REST APIs** using **AWS Lambda** and **API Gateway**, performed comprehensive API testing with **Swagger** and **Postman**, and optimized database interactions for scalable cloud-based operations.

Mindview Engineering Services Pvt. Ltd.

.NET Developer (Windows Forms)

Jun 2023 – Jul 2024

On-site

- Developed **Windows Forms-based** billing and data management applications using **VB.NET** with **SQL Server/MS Access** backend integration for efficient transaction and record handling.
- Executed form validation, **CRUD operations**, report generation, and database connectivity while actively supporting application testing, troubleshooting, and performance improvements.

PROJECTS

Secure Enterprise Knowledge Agent

June 2026

- Architected a secure enterprise AI knowledge platform utilizing **React.js**, **Node.js**, **FastAPI**, **Gemini**, **LangChain**, **LangGraph**, **ChromaDB**, and **MySQL** to intelligently retrieve and generate responses from enterprise documents and structured databases using **RAG**, **SQL Agents**, and **Hybrid Retrieval**.
- Implemented **JWT Authentication**, **RBAC**, **AI Guardrails**, **prompt injection protection**, **metadata-based access control**, and **audit logging**, enabling secure, role-based knowledge access with intelligent multi-agent orchestration.

Invoice & Vendor Management System

Feb 2026

- Developed a full-stack system utilizing **React.js**, **Node.js**, **Express.js**, and **MySQL (AWS RDS)**, facilitating seamless invoice and vendor management, dynamic data filtering, dashboard visualization, and secure **REST API** integration.
- Implemented **JWT-based authentication** and **Swagger UI** API documentation, and deployed backend APIs via **AWS Lambda** and **API Gateway** in a serverless environment to support scalable and cost-efficient execution.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, SQL

Web Development: HTML, CSS, JavaScript, Node.js, Express.js, REST APIs, API Development, MySQL

Core Concepts: OOP, Data Structures & Algorithms (DSA), Database Design, API Integration

AI & GenAI: LangChain, RAG, Agentic AI Workflows, Prompt Engineering

Tools: Swagger UI, Postman, GitHub, VS Code, MySQL Workbench, Google Colab

Soft Skills: Problem-Solving, Written & Verbal Communication, Team Coordination, Logical Thinking

CERTIFICATIONS

Microsoft Certified: Azure Fundamentals (AZ-900)

NPTEL: Introduction to Machine Learning

Oracle Academy: Java Fundamentals

Cisco Networking Academy: Network Basics

ACTIVITIES & LEADERSHIP

- Project Leader:** Customer Management System (CMS) Development
- Active Participant:** House of Programming Expertise (Data Structures & Algorithms)
